

Training course: Technologies for discovery, development and production of high value biorenewables

University of York, 22-23 September 2020

Terms and Conditions:

1. Please seek the permission of your line manager before applying to attend this course.
2. Please be aware that submission of your registration does not constitute confirmation that a place has been awarded to you.
3. Places are limited and will be subject to selection. Participants will be notified of the outcome of their application no later than 31st July 2020. Full details for delegates will be sent separately by email approximately ten days before the event is due to take place.
4. The University of York will not be held liable for any costs incurred by you prior to a confirmed place being awarded.
5. The University of York will not be held liable for costs incurred due to circumstances outside of our control, such as transport delays or late changes in venue availability.
6. Delegates will be responsible for any travel and subsistence costs incurred up to the point of their arrival at the event venue and for their return journey at the end of the event.
7. This event is free to attend for HVB members, however we ask you to bear in mind that it is paid for using public funds and we have to pay for the full cost of your place whether you attend or not. Non-attendance is a waste of public funds that we could have used to support alternative Network initiatives. *Please take time to consider your availability before applying for a place.*
8. If you are awarded a place at this event but do not attend without first notifying us, the HVB Network reserves the right to reject future applications from you to attend HVB Network events.
9. If you are awarded a place on this course, your registration details will be passed onto the course organisers so that they can process your accommodation, food and any other requirements. A delegate list will be produced for the event, but it will only contain names and organisations. We will not share your email address with other delegates without your permission. Your email address will be shared with the course organisers, the Bioscience Technology Facility, Department of Biology, the University of York, if they require to send any pre-course questionnaires or material.
10. HVB is an inclusive organisation and we aim to assist all participants to access our events. If you have any specific requirements, please contact us in good time before the event and we will do our best to assist you. Please note for specific dietary requirements the venue may

not always be able to guarantee availability, but we will do our best to accommodate your needs.

For all enquiries relating to HVB events, please email: hvb-network@york.ac.uk.
